Looks good to me; Jessica - can we share this with POH, Harris County, TCEQ, PRPs?

Thanks,

Gary Miller, P.E.
Remediation Project Manager

Subject: Progress Update SJRF EPA Orders

All:

From our meeting at the EPA Region 6 offices in Dallas, Texas on Thursday, October 6, 2011 the following is scheduled:

1. Tuesday, October 11, 2011 @ 10:00AM SJRF owners and management will meet with representatives from Tolunay Wong Environmental Engineers to plan the following: (The purpose of these meetings, orders and due diligence is to assure SJRF does not incur CERCLA liability.)
 - a. **EPA orders** for Pylon installation to enhance SJRF integrity to keep break-away barges from damaging the cap of the San Jacinto River Super-Fund site;
 - b. **EPA orders** for annual sediment testing performed by SJRF to insure dioxins are not being disturbed or transited due to fleet activity;
 - c. Coordination planning for SJRF, EPA Region 6, and Tolunay Wong personnel to meet in Dallas at EPA Region 6 offices to submit and discuss;
2. SJRF and Tolunay Wong will attempt to submit to the EPA within a three (3) week period, or earlier, the Pylon and annual sediment testing plans;
3. Once the EPA has studied and consulted with concerned parties they will reduce into orders for SJRF;
4. Once written orders received from the EPA; SJRF, Tolunay Wong and the EPA will jointly submit to the USACE for the permitting processes.

Respectfully,
Brian Darnell
Vice President & Facility Security Officer (FSO)
San Jacinto River Fleet, L.L.C.
